## RSU™ - Remote Surveillance Unit

### Prevent Crime, Don't just Record it!

Edge Video Solutions ([www.edgevs.com](http://www.edgevs.com)) is a security business innovator serving the needs of Corporations, Utility Companies and the Public Sector for over 13 years.

Edge Video Solutions has revolutionized the Security Surveillance industry by introducing the **RSU™**, a ready-to-install **Remote Surveillance Unit™** capable of detecting human movement, and sending alerts to a security agent via its embedded 4G cellular modem.

The **RSU™** allows staff to monitor alerts at remote sites, with the ability to conduct "voice-downs" using the built-in loud speaker, letting intruders know that their activity has been captured.

### STOP COPPER THEFT

Copper theft is costing businesses in the U.S. some \$1 billion a year — mostly through the destruction of property that thieves strip of the metal (CNBC news).

#### DON'T JUST RECORD COPPER THEFT ON VIDEO!

**RESPOND TO ALERTS AND PERFORM "VOICE-DOWNS" .  
TAKE ACTION AND HELP PREVENT THE CRIME!**

Current deployments include confidentially placed **RSU™** for Caltrans D6, PG&E, Public Safety/Works, and Private Property. "With verified reduced crime and cost."

### - Incident Report
